Question B.

The current plan to fund the renovations of the Opera House includes spending \$250,000.00 annually which will result in the renovations being completed more than eight years from now and likely longer. The City proposes that it issue bonds upon the full faith and credit and unlimited taxing power of the City in the face amount of \$2,100,000.00 with an interest rate not to exceed 3.0% with a term of 15 years which will result in a lower annual outlay by the City and allow for completion of the renovations of the Opera House in one year. Do you approve of the proposed funding plan?

Yes _____

No _____

Thank you for your assistance.

Sincerely,

Patrick Sypolt
Director of Administration
